

Participation in Vendor E-Briefing for EPA, Federal and State Program Staff

On behalf of _____ (name of firm) I am agreeing to participate in an E-briefing for EPA staff regarding my technology or service for hazardous waste site clean-up. I understand that my participation in this event is based on my interest in presenting examples of innovative technologies to EPA staff. On behalf of _____ (name of firm), I waive any claim to compensation for participation in the E-briefing. I do understand that the briefing will be webcast to staff in multiple locations and a permanent recording of the presentation will be made and maintained by EPA to be used for federal purposes only. The audience will be allowed to freely ask questions and comment with their views on the presentation or the efficacy of the technology along with their experience with the technology or approach. The audience may include other Federal Agencies and state environmental program employees. Participants may ultimately use, disseminate or display materials provided during the presentation for federal purposes only, including those which may be copyrighted.

Further, I understand that participation in this event in no way constitutes any endorsement by EPA of my specific company, its employees, its services or its specific technologies or brand names. I agree that I, and the firm I represent, will not use this forum as a promotional endorsement in any marketing and advertising efforts.
